QUICK REVIEW OF RED DRAGON POINT VALUES

If the Red Dragon appears with the remaining dice blank, all other players must place 5 points in the pot.

If the Red Dragon appears with only 1 or 2 other dice with black numbers showing, amount shown on dice doubles, and all other players must put 5 points in the pot.

If the Red Dragon appears with 3 or more other dice with black numbers showing, all opponents place 5 points in the pot first, and then player receives all of the chips in the pot and passes dice to next player.
